ALPHA SOLARCO INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. Summary of significant accounting policies

Consolidation

The consolidated financial statements include the accounts of Alpha, its wholly-owned subsidiaries, Alpha Solarco Inc. of Ohio ("Alpha of Ohio"), Alpha Manufacturing Group, Inc.("AMG"), Solectric Corporation (Solectric"),Cyber Solectric (formerly Cyber Real Estate), and MSEPG Solar Power Corporation ("Solar Corporation"). Intercompany accounts and transactions have been eliminated.

Depreciation

The Company computes depreciation using the straight-line and accelerated methods, based on the estimated useful lives of the depreciable assets, as follows:

Buildings	40 years
Machinery and equipment	3 - 7 years
Goodwill	10 years
Furniture and fixture	5 - 10 years
Leasehold improvements	Life of the improvement
	or the lease term,
	whichever is shorter

Investments

The Company accounts for its investments quarterly and recognizes gains and losses on its portfolio based upon the market price on the last trading day of the quarter.

Research and Development

All research and development costs are charged to expense when incurred. The costs of materials, equipment and facilities that are constructed or acquired for development activities and that have alternative future use are capitalized and depreciated over their estimated useful lives.

Contract Revenue and Cost Recognition

The Company recognizes revenue from fixed-priced contracts on the percentage-of-completion method, measured by the percentage of cost incurred to date to estimated total cost for each contract. That method is used because management considers total cost to be the best available measure of progress on the contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that estimates used will change in the near term.

Cost of sales includes all direct material and labor costs and those related to contract performance, such as indirect costs related to contract performance, such as indirect labor, supplies, tools, etc. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions, and estimated profitability nay result in revisions to cost, and income, which are recognized in the period in which revisions are determined. Changes in estimated job profitability resulting from job performance, job conditions and change orders are accounted for as changes in estimates in the current period.

Basis of presentation

The accompanying consolidated financial statements have been prepared on a going concern basis which contemplates the realization of assets and liquidation of liabilities in the ordinary course of business and do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the company be unable to achieve its business plan and continue in existence.

The Company's ability to continue its existence is currently dependent upon its ability to attract additional capital to booster cash flow and its ability to obtain additional technology transfer contracts. In addition, management is pursuing the acquisition of some operating companies in an attempt to establish stable revenues and cash flows.

2. Joint Venture Agreement

On February 18, 1991, Alpha Solarco Inc. of Ohio entered into a joint venture agreement with Sun Power Systems Ltd. ("Sun"), a Hong Kong based trading company and Qinhuangdao Electronic Transistor Manufacturing Plant ("QHD"), a business entity operating in the Peoples Republic of China, for the formation of a Chinese joint-venture company called Qinhuangdao Alpha Solar Power Co., Ltd. (the "Chinese Joint Venture Company").

Under the terms of the Joint Venture, QHD owns a 65% equity interest in exchange for a cash contribution of \$2,400,000; Alpha Ohio owns a 35% equity interest in exchange for an in-kind contribution of \$650,000 in the form of equipment, and \$750,000 in the form of a technology transfer, and Sun owns a 5% equity interest in exchange for a nominal in-kind contribution of \$200,000. To date, no operations have transpired and management has no definitive date as to when operations will commence.

3. Marketable securities

In August, the Company completed the acquisition of Cyber Solectric (formerly Cyber Real Estate, Inc., a Nevada Corporation. To consummate the acquisition, the Company exchanged 625,000 shares of its common stock in exchange for 9,000,000 shares of common stock (approximately 83% interest) of Cyber Solectric. The combination was accounted for as a purchase and is included in the consolidated statements as of August 31, 1996. Cyber Solectric is a development stage real estate company whose sole operations consist of owning and operating a building in DeKalb, Illinois.

In August, the Company also exchanged 500,001 shares of common stock for 200,000 shares of TAC, Inc. a Utah corporation. This represents approximately two percent of the shares of TAC. TAC owns a warehouse in Salt Lake City occupied by a NAPA franchise.

4. Notes Payable

Notes payable represent amounts due private investors of the Company who lent funds primarily to provide working capital to keep the companies operational and for the acquisition of AMG. The notes, which are unsecured, are repayable at various times during the next year and bear interest at rates upward to 10%. The acquisition of Cyber Solectric included a note payable of \$275,000, this note is being re-negotiated.

5. Uncompleted Contracts

On June 7, 1996 the Company entered into a \$389,250 manufacturing and sales contract with the Skylight Corporation. The contract calls for Alpha to provide to Skylight a solar panel manufacturing facility. Cost, estimated earnings, and billings on the contract are summarized below:

Cost incurred	\$104,180
Estimated earnings	102,521
	206,701
Billings to date	230,000
Billings in excess of	
contract revenues	\$ 23,299

6. Leases

Prior to the end of fiscal 1994, the Company moved its operations to Phoenix, Arizona. In anticipation of the move, the Company entered into a one-year lease agreement expiring May 15, 1995 (extended to November 15, 2001) for its office and operations facility. The lease, which contains an option to renew for four successive one-year terms, requires monthly rental payments of \$9,700.

7. Net Income (Loss) Per Share

At its annual meeting on November 15, 1995, Alpha's shareholders approved a 1:100 reverse stock split. Net gain (loss) per share is based upon the weighted average shares of the Company's common stock outstanding during each year, after giving effect to the reverse stock split. Securities whose conversion, exercise or other contingent issuance have the effect of decreasing the loss per share amount for the periods have been excluded from the computation.

10. Common Stock

11. NASDAQ Delisting

ALPHA SOLARCO INC.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

LIQUIDITY AND CAPITAL RESOURCES

Quarter Ended November 30, 1996 as Compared to the Year ended May 31, 1996.

On November 30, 1996, on a consolidated basis, Alpha Solarco has cash and short term investments of \$3,706 as compared to \$50 as of May 31, 1996. This change was a result of selling assets and additional contribution of capital during the current fiscal year. Also on November 30, 1996 Alpha Solarco has shareholders' equity of \$2,104,647 and total assets of \$3,929,992 as compared to shareholders' equity of \$813,102 and total assets of \$1,711,908 as of May 31, 1996. This is primarily attributable to the acquisition of Cyber Solectric, an investment in TAC, Inc., a note payable of \$50,000 converted to stock, and additional equity capital raised during the six months ended November 30, 1996.

Normal overhead expenses will continue to burden Alpha Solarco and can be expected to decrease its liquidity. Consequently, Alpha Solarco has been seeking additional capital from various sources, including additional contributions to capital and arranging new debt financing.

Accounts payable were \$455,476 and \$591,977 as of November 30, 1996 and May 31, 1996, respectively. This change was not unusual in the ordinary course of business.

Current notes payable were \$452,150 and \$227,149 as of November 30, 1996 and May 31, 1996, respectively. This increase was primarily due to the acquisition of Cyber Solectric and an accompanying note payable of \$275,000.

RESULTS OF OPERATIONS

Quarter Ended November 30, 1996 as Compared to the Quarter Ended November 30, 1995.

For the quarter ended November 30, 1996, Alpha Solarco recognized revenue of \$215,199 which is a result of net sales and other income. In the quarter the Skylight Corporation contract had income recognized of approximately \$167,083. Alpha Solarco experienced a net loss of \$166,752 or \$.03 per share compared to a net income for the same period one year earlier of \$410,210 or \$.38 per share, due primarily to a reduction in sales to \$171,883 from \$660,933. The per share decrease is due primarily to an increase in shares issued and outstanding and lack of new contracts.

The total consolidated costs and expenses for the quarter ended November 30, 1996 were \$414,623 compared to \$287,093 for the same period one year earlier. The change in cost and expenses is an increase in overhead due to Cyber Solectric.

AS INDICATED BY THE FOREGOING STATEMENT, INVESTMENT IN THE COMPANY STOCK SHOULD ONLY BE MADE BY THOSE PERSONS WHO CAN AFFORD TO LOSE THEIR ENTIRE INVESTMENT. THE PRICE AT WHICH THE COMPANY STOCK WILL BE TRADED IN THE OVER-THE-COUNTER MARKET IS NOT NECESSARY INDICATIVE OF THE ACTUAL OR UNDERLYING VALUE OF SUCH SHARES. THE COMPANY'S FUTURE PROSPECTS ARE EXTREMELY UNCERTAIN AND THERE CAN BE NO ASSURANCE THAT THE COMPANY WILL REMAIN A VIABLE BUSINESS ENTITY IN THE FUTURE. ALPHA SOLARCO, INC.

The financial information included herein is unaudited; however such information reflects all adjustments (consisting solely of normal recurring adjustments) which are, in the opinion of management, necessary for a fair statement of results for interim periods.
